PALMER MUNICIPAL FIRE DEPARTMENT

To the residents of Palmer Township:

The year 2020 was a trying year for all of us. With State restrictions placed upon us, we missed out on many events that we look forward to each year. Gathering with our friends and neighbors at Community Weekend, cheering on our Red Rovers at the community bon fire, and watching kid's eyes light up when Santa Clause visits them on the fire truck. While canceling these events was a disappointment for us all, it only allowed us to remain healthy and serve our community without hesitation. With a new year upon us, we will rebound stronger than ever and look forward to serving Palmer Township to the fullest.

"The Firefighters of PMFD"

PMFD's **Helping Hands** staff pitched in again this past holiday providing donations to 38 families with Thanksgiving dinners, presents for school district children through Toys for Tots Foundation, and our four legged friends received over 800 pounds of food, treats, and bedding at The Lehigh Valley Humane Society and Center for Animal Health & Welfare.

Bleeding Heart Plant Seeds Still Available

In a recent Palmer Newsletter, I wrote that Bleeding Heart Plant seeds should be planted in November because they need three months of cold weather to germinate in the spring. Seven residents obtained seeds from me. Many more seeds are available. I have seeds that grow pink and white flowers. As time passed, it came to me that if I keep the seeds out on my screened porch for the winter, people would still be able to plant them in the spring. The 2020 growing season was the best for me. Some of my butterfly bushes approached ten feet tall. Calla lily seeds were planted in planters in early June 2020 and 700 bulbs were harvested in November. They are now resting in my basement, safe from the winter cold. They will be planted around the last week of May hopefully in many Palmer gardens and one foot of compost from the Berks Street facility. They will stay there forever in your garden. Some of my bulbs have been in the ground for six years. One Hundred and Fifteen Calla Lily seed pods were harvested in October. The Fairview Park and Post Office gardens had daffodil and gladiola bulbs planted this fall. Volunteers and community service hours are welcome. Dave Carr, chairperson, d.carr@rcn.com 610.704.5868

"WE CARE, EVERY HOUR, EVERY DAY"

There's still time to Save Money with a Suburban EMS Subscription

Find out how you can help control the cost of ambulance transportation and pre-hospital emergency medical care for you and your family. Suburban EMS offers a subscription and donation program to the residents of Palmer Township. Residents have received a mailing.

Subscriptions will still be taken though the annual subscription - covers January 1st to December 31, 2021.

The cost of our annual subscription is \$35 for an individual or \$55.00 for a family covering everyone residing in your household.

A benefit from subscribing is that your subscription fee is applied to cover any applicable coinsurance/deductibles up to \$500 per emergency ambulance trip that you would otherwise have to pay if you are not a subscriber. This is not an insurance policy. We also offer reduced rates for medically necessary non-emergency transportation services for both wheelchair and ambulance that are not covered by insurance.

Please contact our office at 610-253-3548 to sign up.

LET'S KEEP PALMER BEAUTIFUL

Pride in Palmer

Palmer Township's ongoing **Keep Palmer Beautiful Program** is highly reliant upon you as an individual and upon each business owner to do their part in keeping Palmer Township a Beautiful, Happy and Healthy Community. How you may ask, especially when we are all incredibly involved in family, friends and business. The simple answer is by doing your part to keep your property in as pristine a condition as financially and physically possible. The upkeep of your property extends to the curb where you might find that wind and rain has washed someone's discarded plastic or paper items. Removing these items from your lawn or curb will help ensure they are not washed into the storm water system and thus pollute local rivers and streams and ultimately your freshwater supply.

If "*Volunteerism*" is something you would like to get involved with, as a starter you can volunteer to help Palmer Township's Environmental Steering Committee perform litter removal on Earth Day by contacting Ms. Cindy Oatis at coatis@palmertwp.com or 610-253-7191 M-F 8:30 to 4:30.

There are many opportunities to volunteer to keep Palmer Beautiful such as coordinating your efforts with Palmer Township's Environmental Steering Committee or with the Earth Stewards of Palmer, a small group of Township residents who remove litter from along the Township's trails and several heavily traveled roadways. During 2020, the Earth Stewards of Palmer (ESP) collected over 3,000 pounds of litter from the trails, roads and streams within Palmer Township. ESP can be contacted via e-mail at: earthstewardsofpalmer@gmail.com.

A little effort goes a long way toward ensuring that your community remains a destination for local and national businesses, a growing and thriving residential community with many exceptional recreational opportunities.

Another suggestion as to what you as a home or business owner can do to help Keep Palmer Beautiful is adopt a storm drain on your street. With the recent heavy rains in August and late November plus the leaves accumulating along curbs and around storm drains; we have all seen what the resulting flooding can do to neighborhoods, basements, etc. Please consider "*adopting a storm drain*" along your street.

There are a few organizations both church and civic which need volunteers. One such group is **Volunteer Center of Lehigh Valley**. Their email is: vc@volunteerlv.org and their web site is: <https://www.volunteerlv.org/?layoutViewMode=tablet>. If

Volunteer Center
OF THE LEHIGH VALLEY

you or your children want to be involved in the **Palmer Township Athletic Association**, contact them at: info@palmeraa.org If you are interested in community beautification, Dave Carr, who manages the flower gardens adjacent to the community trail at Fairview Park and the U.S. Post Office on Greenwood Avenue, is seeking assistance in his community beautification efforts. You can contact him by calling the Township Municipal Building **610-253-7191**. If you see litter adjacent to the roadways and you cannot pick it up, please report it to the Township **610-253-7191** or PENNDOT at **717-412-5300**. PENNDOT call center hours are Monday through Friday (except holidays) from 8 a.m. to 5 p.m. There are many opportunities to volunteer, dependent upon your skills, interests and availability. A quick internet search will provide insight into a good match for your interests.

The above are just a few of the many local volunteer opportunities available through civic or church affiliated organizations. Yet another way to become involved in the community is if you have an elderly person living next door, please check on them periodically to ensure they are doing well health wise. If you can, help them put their trash containers out and return, or run an errand for them. Palmer is a highly diverse community and each of us has our own reason for residing here. ***Let us all help to keep Palmer Beautiful!***

**WHEN YOU'RE WASHING YOUR CAR IN
THE DRIVEWAY, REMEMBER YOU'RE NOT JUST
WASHING YOUR CAR IN THE DRIVEWAY.**

All the soap, scum, and oily grit runs along the curb. Then into the storm drain and directly into our lakes, streams and into coastal waters including the Chesapeake Bay. And that causes pollution which is unhealthy for fish. So how do you avoid this whole mess? Easy. Wash your car on grass or gravel instead of the street. Or better yet, take it to a car wash where the water gets treated and recycled.

If you have questions regarding storm water, please contact your municipality or Pennsylvania Department of Environmental Protection's Regional Office. For general questions, you may also contact DEP's Bureau of Water Management at (717) 772-5661 or visit www.dep.state.pa.us. Thanks to the Washington State Water Consortium for permission to adapt and use this poster

Kiwaniis®

CLUB OF PALMER TOWNSHIP

Like many service organizations, 2020 had a significant impact on the Kiwanis Club of Palmer Township. We continued to meet over Zoom, at Penn Pump Park in the spring and summer, at Williams Restaurant when restrictions were lifted, and then back to Zoom in the late fall and winter. The major impact was the inability to have events to raise money to continue our tradition of Giving to youth-oriented organizations. We are hoping that 2021 will move us back as close-to-normal as possible so we can raise money for our Giving Programs.

The largest event planned for this year is our annual Palmer Kiwanis Golf Outing which will take place on June 21, 2021 at Northampton County Club. Grasscycling – It’s Okay to Let it Lay!

Less Fertilizer • Less Water • Less Work • Less Waste

Why Should I Cut and Leave My Grass Clippings?

- Clippings left on the lawn, shelter and help retain water, therefore requiring less watering. As the clippings decompose, they act as a natural organic fertilizer, reducing the amount of fertilizer you need to purchase and apply.
- A typical 1/2-acre lawn in Pennsylvania produces more than three tons--nearly 260 bags--of grass clippings each year and moving these bags can hurt your back! Grass clippings can represent from 20 to 50 percent of the solid waste going into landfills in the spring and summer and dramatically increases the trash hauling cost for township residents.
- Years of research have shown that by mowing frequently (5-6 times per month) and not bagging grass clippings, homeowners can save up to 40% of the time they spend on routine lawn care!

Simple steps for Grasscycling

- Cut only the top 1/3 of the grass blade and LEAVE the clippings right on the lawn
- Keep your mower blade sharp and mow when the grass is dry to avoid tracking and clumping
- If the grass gets too high, mow over the clippings a second time to further shred and scatter them.
- To prevent excess growth between mowings, raise the mower height, mow, then gradually lower it over a span of several mowings. This will help prevent shock to the plants.
- Thatch, a matted layer of dead roots and stems, usually is caused by too much water and fertilizer. Clippings don't produce thatch because they are 80 percent water and decompose quickly.
- No special equipment is necessary. While mulching mowers are available and do a great job, any conventional mower can grasscycle - just remove the collection bag! In the case of rear discharge mowers, the exhaust chute must be shut off.
- Mulching blades, adapter kits or retrofit kits are now readily available for your conventional mowers.
- By not trashing grass, you can reduce your mowing time by nearly 40 percent and spend less money on fertilizer and trash bags. And you'll be doing your part for the environment by reducing waste.

While Super Soccer Stars is geared for preschoolers, this class is slightly more advanced than our Amazing Athletes classes. Lightning Safety

Thunder and lightning storms happen all the time. Know what to do to keep you and your family safe when storms strike!

Safety Tips

Outdoor Safety

- » **If you can hear** thunder, you are within striking distance of lightning. Look for shelter inside a home, large building, or a hard-topped vehicle right away.
- » **Do not go under** trees for shelter. There is no place outside that is safe during a thunderstorm.
- » **Wait at least 30 minutes** after hearing the last clap of thunder before leaving your shelter.
- » **Stay away** from windows and doors. Stay off porches.
- » **There is no safe place outside.** Places with only a roof on sports fields, golf courses, and picnic areas are not safe during a lightning storm. Small sheds should not be used.
- » **If a person is struck** by lightning, call **9-1-1**. Get medical help right away.

Indoor Safety

Turn off computers. Stay off corded phones, computers, and other things that put you in direct contact with electricity or plumbing. You **can use** a cell or cordless phone.

Do not wash your hands, bathe, shower, do laundry, or wash dishes.

FAST FACTS

Lightning may strike as far as **10 miles** from any rain.

Contact tracing call?

5 things to know

A contact tracer from your state health department might call if you've been exposed to COVID-19. But scammers are pretending to be contact tracers, too. Here's how you can spot the scam.

Real contact tracers won't ask you for money.

Only scammers insist on payment by gift card, money transfer, or cryptocurrency.

Contact tracing doesn't require your bank account or credit card number.

Never share account information with anybody who contacts you asking for it.

Legitimate contact tracers will never ask for your Social Security number.

Never give any part of your Social Security number to anyone who contacts you.

Your immigration status doesn't matter for contact tracing, so real tracers won't ask.

If they do, you can bet it's a scam.

Do not click on a link in a text or email.

Doing so can download malware onto your device.

Talking to a real contact tracer helps stop the spread of COVID-19. Reporting scammers helps stop them, too. Report fake contact tracers to your state and at ftc.gov/complaint.
