A Message From Suburban EMS . . .

P.O. BOX 3339 | PALMER, PA | PHONE: (610) 923-7500

April 8, 2020

Robert Williams, Manager
Palmer Township, Pennsylvania

Dear Bob,

I have been involved with Suburban EMS for over 30 years and have never experienced anything as emotional or as challenging as the current COVID-19 crisis. I am impressed by both our EMS staff and our Leadership Team who have risen to the occasion for everyone involved.

On behalf of Suburban EMS, I want to assure you and everyone in Palmer Township that Suburban EMS is and will continue to provide 911 services as we have in the past to all the communities we serve.

Please pass the message on to your residents, families, and friends that regardless of a possible COVID-19 health situation, Suburban EMS will respond to 911 calls. We need callers to be honest with the 911 Center, so our employees can enter any situation with the proper personal protection equipment to keep all involved as safe as possible.

Suburban EMS has been following CDC, WHO and PA DOH recommendation/best practices for healthcare providers the past several weeks now. We have been informing our crews to the changes that take place sometimes daily.

I am available anytime at 610-923-7500. We are also posting some information on our website at www.suburbanems.org

As always, the residents and visitors of the communities we serve are our number one priority.

Thanks,

Jeff Young
Executive Director Suburban EMS

"WE CARE, EVERY HOUR, EVERY DAY"

The Beauty of the Hibiscus Flower

I would like to follow-up on a previous article I had written for the November 2019 Today's Palmer newsletter that showed photos of my hibiscus garden. Hibiscus plants are perennial and they grow to about seven feet tall. The picture shown on the right is the before photo of our new garden area. The after photos will be published in a future newsletter. The Fairview Park Bike Path garden is located behind the Morello Funeral Home and at the base of the drop off from the macadam path. It is obvious that the area needs to be cleared of what is currently there. A little time and some tools will make a new garden appear. The new hibiscus plants are currently in seed form and it is reasonable to plan a May planting at the site. Community Service hours are available at the garden. If interested, please contact, Dave Carr at d.carr@rcn.com.

LET'S KEEP PALMER BEAUTIFUL

Pride in Palmer

Palmer Township has always been innovative and a leader within the Lehigh Valley in many things as diverse as Curbside Recycling; Household Hazardous Waste Collection, to the development of an extensive trail system for use by Township's residents and visitors. A few of the primary amenities that people are attracted to in Palmer are its natural beauty, public parks and multitude of services. These features are being blemished due to an extensive amount of litter found throughout the Township.

An obvious increase in the number of Lehigh Valley residents in the last two decades has resulted in an excessive wave of litter found along your Township's roadways. This is becoming a real problem well beyond the capacity of the Township's Maintenance Crews and volunteer residents to overcome. The litter is not only unsightly; it clogs drainage grates and systems, and further damages the environment as it washes into our local waterways.

In an effort to combat the excessive wave of litter, Palmer's elected officials ask each resident and business owner to take a moment, either on a daily or weekly basis and especially prior to a rain event, to remove any and all litter found on their property and at curbside. Recycle what you can and put the rest in a trash container. Studies have shown that "litter begets litter"; in other words, people tend to litter where they see other litter has accumulated.

A collective action by those who live, work and play in Palmer Township will reflect pride in community and will keep Palmer Beautiful!

Lehigh Valley Plant A Row Program

Are you a backyard veggie gardener? Do you have more produce than your family can consume? If so, consider donating your excess to the Lehigh Valley Plant A Row program.

The latest data available from Second Harvest Food Bank shows that some 60,000 people in the Valley need food assistance every month. Lehigh Valley Plant a Row seeks to aid these food-insecure individuals and families by asking home gardeners to consider planting an extra row of produce or bringing any excess to donation drop off points. The donation/collection sites around the Palmer Township area include the St. Luke's Anderson Campus and Louise Moore Park community gardens. Each week, volunteers transport donated produce from these collection points to local food pantries.

Since the program's launch in 2016, over 10,000 pounds of fresh fruits and veggies have been donated by backyard gardeners. The donations all went to local food pantries and were enough to provide a serving of nutritious fresh produce for over 23,000 meals.

If you are interested in participating or volunteering in the program, register on the website - plantarowlv.org, or email info@plantarowlv.org. Thank you!

Business, Industrial and Professional Association of Palmer Township News - BIP

The BIP held their annual January Business Luncheon on Wednesday, January 22, 2020 at the Marblehead Chowder House. As we begin every new membership year, a presentation was made by the leadership of the township who provides a "State of the Township" address. Chairman of the Board of Supervisors, Dave Colver, began the program by giving a summary of various projects completed in 2019 and what is on the schedule for 2020 projects. He also talked about various private projects and developments which are underway in the township.

Township Manager, Bob Williams, followed with a summary of the administration's plans for 2020. The highlights included the fact that there is no property tax increase for township residents again in 2020. He reviewed several large capital improvement projects that will be taking place, to include improvements to 28 miles of township roads. Other capital improvement items include updates to several township buildings and upgrades that will be made at Riverview Park and Penn Pump Park.

Police Chief Larry Palmer ended the presentation by giving a summary of the Police Department. Chief Palmer reviewed statistics with the members noting serious crimes dropped by 6% from 2018 to 2019, and the non-serious crimes dropped 5% for the same time period. Chief reported there were a total of 247 arrests and 290 motor vehicle citations. The officers also began wearing body-worn cameras. Chief Palmer reported that Detective James Taylor was awarded Officer of the Year by the Northampton County Council of Police Chiefs; long-time officer Dave Brotzman retired; the Chief created the position of Sergeant of Operational Support and Technology; and, the department conducted several active shooter training sessions for churches in the township.

2020 Upcoming Special Curbside Collections

(Place items curbside for pick-up on your regularly scheduled collection day; item will be collected that week by a separate vehicle)

YARD WASTE COLLECTIONS: Weeks of June 1 and November 9

Unlimited amounts of yard waste (leaves, branches, twigs, flowers, roots, bushes, garden clippings). Place your yard waste in any open top container (your old green, round recycling container or a clean trash container (NOT YOUR AUTOMATED CART), and/or tie with cotton or hemp twine in bundles no larger than 3' x 3' x 3', and weighing no more than 40lbs, or place in compostable paper bags (NO PLASTIC BAGS, ROPE OR TWINE). No grass clippings, tree stumps, loose soils, sod, any wood or tree limbs over four (4) inches in diameter, animal excrement, noxious weeds, or bamboo.

METAL/WHITE GOODS COLLECTION: Week of September 28

Appliances such as washers, dryers, stoves, microwaves, hot water heaters; air conditioners, dehumidifiers, refrigerators and freezers (remove doors and all Freon must be removed professionally and tagged with certification of removal prior to being placed at curb); steel or aluminum tire rims (w/o tires), bicycles, BBQ grills, and walk-behind lawnmowers (oil, gas, and propane removed). No electronics or dishwashers (most are no longer made of metal). Metal and white goods can be taken year-round to the Palmer Township Recycling Center, 3600 Hartley Avenue.

BULK ITEM COLLECTIONS: Weeks of May 11, September 14 and November 30

Each residence can put out one (1) bulk item during each of these collection weeks. Bulk items are defined as items too large to fit into the waste cart; with the general rule of thumb being an item the approximate dimensions and weight of a standard size sofa that can be carried by two (2) men. Acceptable items include dishwashers, furniture, mattresses, rolled up and tied rugs no larger than 3' x 6'. No electronics, construction materials, hazardous waste, tires, yard waste, grass clippings, or additional household trash. If you can't wait for a bulk item collection, you may request a special bulk item pickup by contacting Waste Management Customer Service at 800-621-2100. Identify yourself as a resident of Palmer Township, PA to receive the Township's \$25 per item collection price. Be sure to get the confirmation number in the event follow-up is needed.

SPECIAL VOLUME COLLECTION

This collection is available for large amounts of household trash only and must be bagged or in cans (not to exceed 32-gallon size or 40 lb. weight limit). No bulk or white goods/metal items. Residents must schedule and pay in advance by contacting Waste Management (800) 621-2100. Identify yourself as a resident of Palmer Township, PA in order to receive the price of \$25 per collection. Be sure to get the confirmation number in the event follow-up is needed.

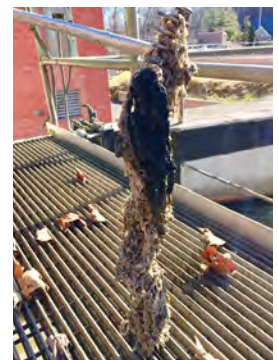

THE "RAGS" WON'T PASS, BUT THE COSTS WILL

Easton Area Joint Sewer Authority

When it comes to "rags" and the sewer system, they don't mix! They are small, but mighty, and can cause very costly damage to wastewater equipment. The consequences of the damages and repairs will be reflected in your sewer rates. In the wastewater industry the term "rags" is used to describe wipes, towels, shop rags, industrial rags, cleaning wipes, etc.; basically, materials tougher than toilet paper, that are not able to break down in the sewer system.

Now maybe you are thinking, what happens when I flush "rags" down the toilet? They disappear from my house and/or place of work to never be seen again. Well...that's not the case for those of us that work in the wastewater industry. "Rags" can clog sewer lines, get caught in pumps and wastewater equipment, causing them to malfunction and need to be repaired, or worse, replaced. Tens of thousands of dollars are spent at the wastewater treatment plants alone repairing damage caused by these "rags."

These repairs not only are costly but may also lead to dangerous confined space maintenance done by our staff. The EAJSA Wastewater staff takes great pride in the wastewater treatment quality. Please do your part by throwing away "rags" so sewer rate payer's money can be put to better use by upgrading and improving equipment to continue our environmental stewardship of high-quality discharge to the Delaware River, instead of costly repairs.

TEMPORARY POOLS

All temporary pools capable of holding more than 24 inches of water DO require a permit and inspection each year the pool is erected. The permit must be obtained before installation occurs. Use of the pool shall be prohibited until an inspection is obtained and approval has been issued by the Building Department.

Please be aware that pools with heights between 24 inches and 48 inches will require a permanent barrier in accordance with the 2015 International Residential Code/2015 International Pool & Spa Code. Also, overhead power lines, grade slopes and zoning setbacks will have an impact as to the allowable location of a pool. Call the Building Code Department with any questions at 610-253-7191.

GRASS/NOXIOUS VEGETATION AND SIDEWALK CLEARANCE

Spring is finally here and it is time to put down that snow shovel and start-up the lawn mower! Palmer's ordinances limit the height of grass to a maximum of 6-inches.

Also, please maintain the sidewalk clear of impeding tree branches, bushes and decorative vegetation by cutting such back so that the full width of the sidewalk, to a height of 7-feet, is accessible for the safety of pedestrians.

Attention History Buffs:

HOMEOWNER'S STORMWATER HANDBOOK

A *Homeowner's Stormwater Handbook - Smart Stormwater Management: A How-to for Homeowners* has been prepared by the Partnership for the Delaware Estuary and the Philadelphia Water Department and it provides helpful information for homeowners and individuals on improving stormwater runoff quality. Topics covered include vehicle washing, vehicle maintenance, winter deicing, pet waste, lawn and garden care, rain barrels and rain gardens.

A copy of the Handbook for viewing is available at the Palmer Municipal Building Receptionist's desk or it can be accessed and downloaded at the following web page: <http://www.delawareestuary.org/publications-2/booklets-and-brochures/> and it is listed as a 2016 Publication under Homeowner's Stormwater Handbook. Philadelphia Water and the Partnership for the Delaware Estuary.pdf

You can also learn more about storm water by visiting EPA's website at <https://www.epa.gov/npdes/npdes-stormwater-program>. Please be advised that some of the storm water quantity and quality control measures such as drywells and infiltration basins listed for private lots may promote sinkhole development in limestone regions such as the Lehigh Valley.

**WHEN YOU'RE WASHING YOUR CAR IN
THE DRIVEWAY, REMEMBER YOU'RE NOT JUST
WASHING YOUR CAR IN THE DRIVEWAY.**

All the soap, scum, and oily grit runs along the curb. Then into the storm drain and directly into our lakes, streams and into coastal waters including the Chesapeake Bay. And that causes pollution which is unhealthy for fish. So how do you avoid this whole mess? Easy. Wash your car on grass or gravel instead of the street. Or better yet, take it to a car wash where the water gets treated and recycled.

If you have questions regarding storm water, please contact your municipality or Pennsylvania Department of Environmental Protection's Regional Office. For general questions, you may also contact DEP's Bureau of Water Management at (717) 772-5661 or visit www.dep.state.pa.us. Thanks to the Washington State Water Consortium for permission to adapt and use this poster

As we prepare our yards for the summer ahead, Palmer Fire Officials are sending out a reminder that burning of yard waste is strictly prohibited in the Township. Yard waste would include leaves, grass clippings, small tree branches and wood.

Palmer Township Police Detective James Taylor was presented with the 18th Annual Nathan Ogden Award from the Northampton County Chiefs of Police Association

Detective Taylor was assigned the investigation into the November 21, 2016, homicide of Michael Davis, outside Davis' home. His killers, Gregory Lewis Jr. and Vaughn Felix, had been robbing area cellphone stores, sparking an investigation spanning Lehigh, Northampton and Warren counties.

Gregory Lewis Jr. and Vaughn Felix wanted to kidnap Davis and drive him back to the Forks Township Verizon store where he worked so they could rob it. Davis resisted, and Felix shot him.

In June, Lewis was convicted at trial of second-degree murder and related charges, and Felix pleaded guilty to murder and other counts. Both are currently serving life sentences.

Detective Taylor was nominated for this Award by Northampton County Assistant District Attorney Patricia Mulqueen. Bethlehem Police Chief Mark DiLuzio, Chairman of the Northampton County Police Chiefs' Association, congratulated Taylor for his "tenacious work and professionalism" in investigating the murder of Davis that led to the convictions of both Gregory Lewis Jr. and Vaughn Felix.

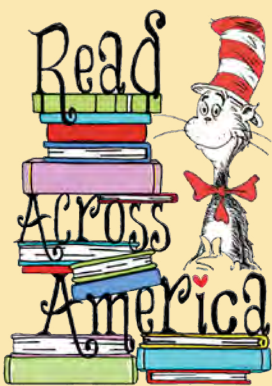

The award is named in Honor of Northampton County Deputy Sheriff Nathan Ogden, who was killed in the line of duty Jan. 20, 1771. Deputy Sheriff Ogden was trying to arrest fugitive, Lazarus Stewart, on a warrant at Fort Dupree, now Hanover Township, during the Pennamite-Yankee land rights war, according to the police chiefs' association. Deputy Sheriff Ogden was shot in the chest and died from his wounds.

Deputy Sheriff Ogden is believed to be the first law Enforcement official killed in the line of duty, in the United States.

Detective James Taylor has been with the Palmer Township Police Department for 20 years, working in Patrol for 11 years before becoming a Detective in 2010. He is a graduate of the 56th class of the Allentown Police Academy, in 1995. He was joined at the presentation by his wife, Donna, and their daughters, Samantha and Sydney. Detective Taylor is the first Palmer Police Officer to receive this Award.

CONGRATULATIONS Detective Taylor!

Palmer Township Police Officers took part in #ReadAcrossAmerica by reading Dr Seuss books to students attending Tracy Elementary School. Several Officers read books to the various grades.

Congratulations to Sergeant Faasuumali

The Palmer Township Police Department is pleased to announce today's graduation of Sergeant Vasa Faasuumalie from the School of Police Staff and Command (SPSC) at Northwestern University.

Sergeant Faasuumalie successfully completed the ten-week Staff and Command program held at the Bucks County Public Safety Training Center, in Doylestown Township, Pennsylvania, from October 7th, 2019, through February 14th, 2020. The program, which was implemented by the Center for Public Safety in 1983, has graduated over 18,000 students both nationally and internationally. He was enrolled in SPSC class #471 which accommodated a total of 24 students for a ten-week period.

The School of Police Staff and Command provides upper-level college instruction in a total of twenty-seven core blocks of instruction and additional optional blocks during each session. The major topics of study include: Leadership, Human Resources, Employee Relations, Organizational Behavior, Applied Statistics, Planning and Policy Development, Budgeting and Resource Allocation. Each student is academically challenged through written examinations, projects, presentations and quizzes in addition to a staff study paper that are all parts of the curriculum. Upon completion, students may be awarded a total of 6 units of undergraduate credit from Northwestern University in Evanston Illinois.

The Center for Public safety was established at Northwestern University in 1936 with the specific goal of expanding university-based education and training for the Law Enforcement Community. Since its inception, the Center has broadened its original objective and now provides a variety of courses and programs in the area of Police training, Management Training, and Executive Development.

The Palmer Township Police Department anticipates a variety of benefits from Sergeant Faasuumalie's attendance at this program. Many of the program's graduates have gone on to achieve a variety of leadership positions within their respective agencies. **Congratulations to Sergeant Faasuumalie on this great accomplishment.**

A Special Thank You to Peg Kennedy & Richard Freiler

Chairman of the Board of Supervisors, David Colver, presenting Peg Kennedy and Richard Freiler with their awards

At the February 25, 2020 Board of Supervisors meeting, the Board recognized two long-term volunteers who have dedicated many years of service to our township and to our residents.

Margaret (Peg) Kennedy was an employee of the township from 1988 through 1999. After her retirement she became active on our Zoning Hearing Board. She was appointed an alternate to the Zoning Hearing Board in 2005, and shortly thereafter, was appointed as a full-time member. She served on the Board until her retirement on December 31, 2019. Besides her years of employment, she continued to serve the Zoning Hearing Board for 14 additional years.

Richard Freiler has been a Palmer Township Athletic Association member since 1985. He served as president for four years and is a lifetime member of the Association. He served on the Recreation Board for four years. He was Commissioner of both baseball and soccer and he started the soccer program; which currently has over

300 participants. He was our head Legion coach for 16 years. He also served as our equipment manager for 20 years and he lined our township athletic fields for 17 years. Overall, Rich has 35 years of combined volunteer services with our athletic programs.

Two great examples of volunteerism. Thank you Peg and Rich, and we wish you well in your retirement.

Stop the Spread.
STAY AT HOME.

CERTIFIED CITIZENS PLANNER

Congratulations to Palmer Township Planning Commission Vice-Chair Karin Vangeli, for being one of the Lehigh Valley Government Academy Class of 2019 Certified Citizen Planners!

On January 31, 2020, Karin and 21 others were honored by the Lehigh Valley Planning Commission for completing more than 30 hours of LVGA courses in community planning, land development and zoning. LVGA courses are tailored to train local planning commissioners, zoning administrators, zoning hearing board members, elected officials or anyone with an interest in planning, about their roles, responsibilities and abilities to have an impact in their community. “Our municipal officials come to gain a greater understanding of their leadership roles and we are honored to recognize the passion and commitment they’ve shown,” LVPC Executive Director Becky Bradley said. “There’s no shortage of people who want to have an impact in their community. Our 2019 classes were sold out and our 2020 classes are already filling up.” Any Palmer Township residents interested in participating in the Lehigh Valley Government Academy should visit <http://lvpc.org/lvga.html>. Congratulations Karin!

Zumba Gold – Latin-inspired, dance fitness program designed for the active older adult, beginner participant, pregnant women, those who need modifications, arthritis sufferers, and those recovering from injury. This is a fun, feel-good, party-like class.

Pilates Tone – This is a great way to increase strength, flexibility, balance & coordination. Pilates is regarded as an ideal exercise regimen for people in or over their 50's due to low-impact exercise. Benefits are improved posture, stamina, and strength.

Zumba Gold Toning – “Muscle Toning for the Young at Heart”, combines the cardio element of Zumba Gold with strength training techniques.

Core Stretch – A full body stretch using movements that flow smoothly to increase flexibility, decrease muscle tension, develop core strength, and improve muscular balance.

Silver Yoga – This class will begin with a short breath practice and then work up to a mindful flow ending in a relaxing shivasana. Participants will explore getting into and out of different yoga postures and how to make adjustments when necessary. This class will use props, explore variations, and work on balance while increasing both strength and flexibility. No prior yoga experience necessary - all levels welcome! Come explore the beautiful blend of breath and movement to open up the body and enhance mobility.
